**VAPOR BATHS.**  
The inhabitants of Indianapolis and vicinity are also informed that Dr. Pender has introduced into this city, the most complete and successful Vapor Bath, to enable the sick and afflicted to test the efficacy of the Medicinal Vapor Baths.  
It is not deemed necessary to dilate or in any way enlarge on the remarkable and astounding cures performed through the agency of these baths; the wonderful effect of Purgation, of reducing medical agents to a vapor and bringing the heated vapor to the surface of the body, has attracted the attention and challenged the admiration of the most distinguished medical men of the age.  
The Vapor Baths have been introduced by the Court Surgeons, with every royal family in Europe, and have very generally received the sanction of all classes of society to be humane as well as in the higher walks of life.  
The Vapor Baths are precisely adapted to every class of disease. In Chronic Rheumatism, Rheumatism, Dyspepsia, Nervous Headache, Palsy, Lung Disease, or any affection to which the human system is liable, the Baths never fail to afford relief.  
Sulphur Vapor, for instance, is conceded by the most celebrated physicians, to be the most efficacious remedy for the cure of the Venereal disease, and for Chronic Rheumatism, all classes and kinds of Skin Diseases, and numerous forms of Catarrhs.  
Iodine Vapor, with Extract of Wild Cherry, for all forms of Lung or Bronchitis, Croup, whooping cough, and vegetable extracts, when reduced to a vapor and brought in contact with the skin, or any diseased surface, produces the most rapid and satisfactory results, which no other form of medicine can possibly attain.
